PROFESSIONAL SUMMARY

Aspiring web developer with a strong foundation in database management and a passion for developing scalable, user-friendly, and efficient web applications. Eager to apply technical skills and problem-solving abilities to build innovative digital solutions while contributing effectively to collaborative development teams.

EDUCATION

Kongu Engineering College

Bachelor of Engineering in Computer Science and Design

2023 – 2027

Perundurai, TamilNadu

Bharathi Vidhya Bhavan

HSC(Percentage: 80)

2023

Thindal, TamilNadu

SKILLS

Languages: Java, Python

Frameworks: Node.js, Express.js

Developer Tools: Git, VS Code

Database: MySQL, MongoDB

AREAS OF INTEREST

- Database Management Systems
- UI/UX Design

EXPERIENCE

Placement Coordinator

Computer Science and Design

Sep 2024 – Present

Kongu Engineering College

- Assisted students with placement preparation.
- Enhanced leadership, communication, and organizational skills through active coordination activities.

Joint Secretary

Computer Science and Design Association

Aug 2024 – Mar 2025

Kongu Engineering College

- Successfully organized and conducted 10+ technical and non-technical events, demonstrating leadership, teamwork, and communication skills.

PROJECTS

Geolocation Based Attendance Management System | *HTML, CSS, JS, Node.js, Express.js, MongoDB*

- Developed a location-based attendance system that verifies user location before marking attendance.
- Implemented user authentication, attendance tracking, and admin dashboard functionalities.

Online Order Management System | *Python, HTML, CSS, MySQL*

- Built a web application for managing customer orders and tracking order status.
- Implemented CRUD operations and database integration using MySQL.

SRGM Textile Website | *HTML, CSS, JavaScript, MongoDB*

- Developed a responsive company website to showcase textile products and services.
- Designed user-friendly interfaces with database support for product management.

ACHIEVEMENTS

- Won **Second Prize** in the Bi-Weekly Coding Contest conducted at the department level, demonstrating strong problem-solving and programming skills.
- Secured **Third Prize** in **Design-It-Right**, a department-level UI/UX design competition.
- Solved **100+ problems** on LeetCode, strengthening data structures, algorithms, and analytical thinking abilities.
